

Presbytery of Lake Michigan

Presbyterian Church (U.S.A.)

Members of the Nominating & Representation Committee recruit ruling and teaching elders to serve beyond the congregation and support the overall mission of the Presbytery of Lake Michigan.

The committee members also work to create diverse and inclusive environments within the presbytery and the congregations by seeking information and creating resources to strengthen the community and educating and interacting with groups at the congregational, presbytery and synod levels.

"Accessibility is being able to get in the building.

Diversity is getting invited to the table.

Inclusion is having a voice at the table.

Belonging is having your voice heard at the table."

Committee members use technology and online documents to do much of their work, modeling how to work efficiently and effectively. The committee members include:
