

The Leader Table

in partnership with the Synod of the Covenant

the leaders table(LT)

Christian leadership is changing dramatically. As institutions unravel we find ourselves in a place we've never been before where the skills and methods in which we've been formed connect less and less with the realities on the ground.

The Leaders Table addresses how to lead in these disruptions.

WHAT DOES AN LT INVOLVE?

The LT is four sessions addressing how we form communities of Gospel hope in a place we've never been before. An **LT** points to steps you can take in your context. The rhythm of an LT is:

1. Participate in four 90 minute sessions with experienced facilitators.
2. Work with a series of videos that engage the 4 key question
3. See how you can engage these questions in your context.

COME AWAY

with a deeper understanding of why we're experiencing so much unravelling.

BE EQUIPPED

with resources to help you engage this new reality in your context.

RECEIVE

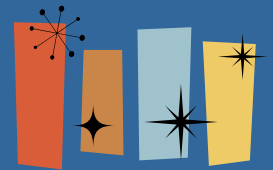

insight into the steps you can take.
